**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I'm writing as a consumer in support of broadband competition. I'm opposing deregulation that would increase the cost of internet and phone .

I'm 77 years old, on a fixed income! Internet and phone service are so important for me as a way of staying in touch with friends and family as I become less active in the outside world. If I had to drop one or both of these services because of increased cost, it would be a real hardship for me.
